

Concours commun de recrutement des internes CONTROL OF KNOWLEDGE TEST PROCEDURE

Candidates are called to the examination center **on Friday, March 20th, 2026 at 2:00 p.m. French time***.

They must be present in front of the examination room **at least 10 minutes before the start of the test, with proof of identity.**

Their login and password will be provided by the center manager before the start of the test.

Candidates will be given three sheets of draft paper for this test. They must be **identified with the candidate's first and last name** and returned on departure.

After being allocated computer workstations, candidates log on to the server by **entering the username and password** given to them after checking their identity on arrival in the examination room, then **WAIT for the ORDER TO START THE TEST to begin the test.**

The theory test is computerized. It lasts **2h15**, and comprises 120 questions.

The questions will be of the Multiple Choice Questionnaire type, with only one correct answer (positive point for a correct answer, 0.25 negative point for a wrong answer, zero point for no answer or "I don't know").

Questions concern the following disciplines: Surgery, Internal and External Medicine, Reproduction, Emergency and Intensive Care, Medical Imaging, Anaesthesia, Biology medical Dermatology, Anatomopathology and New .

The questions are presented in the form of **non-thematic "blocks" of questions**, presented in random order, with the questions in random order and the suggested answers in random order.

Within a block, you can navigate between questions and modify answers. **To move on to the next block, you need to validate the current block by clicking on the "Validate" button at the bottom of the page. Once this operation has been completed, the answers are sent to the server, where they are saved and "frozen". Answers to questions in this block will no longer be accessible.**

A general language dictionary, non-medical and non-veterinary, in paper version is accepted for non-French-speaking candidates.

When all candidates in the same examination room are **ALL** logged in on the test home page, **the ORDER TO START THE TEST** is GIVEN. The candidate clicks on the link: "Take the test".

Any case of computer connection interruption, registration difficulty anomaly must be reported immediately.

***except in cases approved by the Design Office**

Procedure for logging on to the computerized test

Once they have been allocated computer workstations, CANDIDATES WAIT FOR THE CONNECTION ORDER to connect to the server by entering the login and password they were given on arrival in the examination room.

Go to <https://connectpro.oniris-nantes.fr> and enter your login and password in the top right-hand corner:

The screenshot shows the homepage of ConnectPro. At the top right, there is a login section with a user icon, a text input for 'Nom d'utilisateur', another for 'Mot de passe', and a blue arrow button. Below this is a 'Créer un compte' link. An orange arrow points to the login fields. The main navigation bar includes 'Accueil', 'A propos', 'Notre catalogue', 'Accès aux formations', and 'Espace collaboratif'. The central banner features a close-up of a dog's face. Below the banner, there is a section titled 'Nos formations vétérinaires' with a brief description of the training programs. At the bottom, a welcome message reads 'Bienvenue sur ConnectPro la plateforme numérique d'Oniris ProEducation'.

In the main menu, on the far right, click on the "My training courses" tab.
Then click on "Concours Internat AC - NAC":

This screenshot shows the user interface after logging in. The top right corner now displays the user's name 'Frédéric Aufray' next to a profile picture. The main navigation bar has been updated, with 'Mes formations' highlighted by an orange arrow. A dropdown menu is open under 'Mes formations', showing 'Concours Internat AC'. The rest of the page content, including the dog image and the 'Nos formations vétérinaires' section, remains the same as in the previous screenshot.

On space page, in the section dedicated to candidates, click on the computerized test :
